

Knoxville Marriage Initiative

Maximize Workshop

Would you like to discover new ways to strengthen and transform your marriage?

Are you interested in:

- Learning what makes marriages succeed or fail?
- Receiving assessments to identify your marriage's strength and growth areas?
- exploring ways to maximize and protect a strong, lifelong marriage?

By attending our Maximize workshop, you'll discover:

- benefits of marriage
- normal stages and challenges all couples face in marriage
- skills and behaviors to build strong bonds and keep love alive
- how to avoid the dangers of falling out of love and hope

How to prepare:

- Come with an open mind, heart and attitude
- Dress comfortably
- Be focused
- Be prepared to participate
- Expect to fellowship with other couples

Our workshops are not group therapy, nor are they primarily lecture, but rather a time to learn practical tools and concepts. Ample time will be given to practicing new ways of relating to your partner during our time together.

The leaders of this workshop have been trained through the [Knoxville Marriage Initiative](#) to offer the PREP 8.0 curriculum and are passionate about seeing marriages transformed.
